Kalesma Mykonos

Perched in the west of the island, fifteen minutes from the city, this [5-star hotel in Mykonos](#) , opened in May 2021, challenges preconceived notions about this Greek island. The Kalesma, which means "invitation" in Greek, is only a quarter of an hour from the center but it has the air of a preserved retreat whose address is whispered among insiders! The 25 suites, all with their own swimming pool, and the two 63 m² villas with whitewashed walls climb the hill, overlooking the Aegean Sea. Elegance is the order of the day, the decor manages to be very modern and welcoming through a sober and unflashy design: wood, stone, local textiles play the stars, accompanying terraces, heated swimming pools and bay windows so as not to miss a crumb of the superb view. The Pere Ubu restaurant is one of the most famous on the island, serving Greek cuisine in a beautiful setting. A final bonus is the new spa, designed by Dr. Barbara Sturm.

The plus : the infinity pool where delicious mezzes are served...
