Have a luxury and authentically Greek experience in Mykonos in one of this luxe hotel's 12 one-bedroom suites, 13 new one-bedroom villas or two grand villas. Enjoy chef Costas Tsingas' Cycladic specialties from Pere Ubu, or admire art by Serbian artist Aleksandar Vac that nods to the area's mythical history. When it reopened for the season on April 14, Kalesma unveiled a brand-new spa with products and treatments by Dr. Barbara Sturm in addition to two treatment rooms, a hammam and a cryotherapy area. Kalesma also offers new summer experiences—such as a visit to a local family homestead for a historic look at the original Mykonos.
